Re: Public Concern over Notice of Tentative Approval, Star Stone Quarries, Peoa Blonde Quarry,  
M/043/012, Summit County, Utah

Dear Mr. & Mrs. Huntsman:

On June 8, 2000, we received a facsimile from you objecting to our published Notice of Tentative Approval for the proposed Peoa Blonde Quarry expansion. Your letter outlined a number of concerns to the project expansion. Your facsimile indicated that a hard copy of the letter with photographs would follow. To date, we have not received the original copy of the letter and the attached photos.

We have temporarily suspended processing your objection pending receipt of the above referenced information. If this original information has not been mailed, would you please send it to us at your earliest convenience? In addition, would you please use the enclosed topographic area map to identify exactly where your property (lot 36) is located? Please sketch in the approximate property ownership boundaries of your lot and the access route used to enter your property. We thank you for your comments regarding this proposed project expansion and apologize for the delay and any misunderstanding or confusion that may have resulted. If you have questions regarding this letter, please contact me at (801) 538-5286, or Lynn Kunzler, of my staff at 538-5310.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor  
Minerals Reclamation Program
